

Test fluid for fuel injector testers

Test fluid based on a mineral oil designed to meet the requirements of high tolerance fuel injectors.

Preserve the fuel injectors, so no cleaning is needed after test procedure.

Approved for testing of both 2- and 4-stroke fuel injectors.

Protects core parts of pump unit and extends the lifetime of the test rig.

Viscosity class	Hydraulic ISO VG10
Viscosity at 40°C	10,3 cSt
Added additives	Anti-wear Anti-oxidant Anti-corrosion Anti-foam
Hazards (health, safety & environmental):	This product is not classified as dangerous according to 1999/45/EC
Density at 15°C	843 kg / m ³
Batch size	20 l (net 17,5 kg)
Restrictions for transport	none
Approvals	All conventional 2-stroke injectors and slide fuel valves, 4-stroke injectors, common rail injectors, air purifiers, and more

Approved & recommended by MAN Diesel A/S
